JOE KRAUER'S HEART STOPPED WHEN PLAYMATES GUYED.

He Failed of Promotion From Beginners' Annie" Collapsed in Classroom.

Things were rather sad yesterday at the Van Nest public school, at Clason's Point road and Westchester avenue. There a boy or girl in the school, except Joe Hartman, who didn't feel a little bit blame for the death of Joe Krauer on

Joe died, as nearly as the doctor from Fordham Hospital could tell, of a broken hear! He had failed to keep up with his es; that was a misfortune which he met with brave resignation. But when all the other fellows and, worse still, the girls began hooting at him and calling him "Annie! A-a-a-annie! A-a-a-annie couldn't pass!" Joe was so hurt and troubled that his heart

The first time it stopped it started again, and he went bravely on with his school work. But the next time it stopped for good, and Joa's little seven-year-old life ended right here on the schoolroom floor.

In all Joe's seven years nobody had ever thought him weak of body or of mind. He was as keen eyed and live spirited a kid as ever scraped the axle grease off a wagon ub to write his name on the sidewalk. He wasn't very big, to be sure, but he was as hig as most boys of his age. His mother recited with pride in the course of giving the annals of the family to her neighbors that Joe had never been kept in the house a day by sickness in his life.

low Joe came to fall behind the rest of his class at the end of his first term school is not clearly established. Miss Rose Simmons, his teacher, explains it by saying that she does not think that Joe was trious as some of the other little ones. He was inclined to rely on the quickness of his wit rather than on painstaking application of his memory to the mysteries of "c-a-t, cat" and "r-a-t, rat." At any rate when the time came for a moving up of the class, which was to occur on Feb. 1. Joe Krauer was selected as one of those who ought to stay behind and go over the first term work again, in the belief that his foundations of learning were not sufficiently established.

is news became general in the school on the afternoon of Tuesday, Jan. 31. Joe Hartman, who is something of a cripple, because one of his legs is shorter than the other, was also held back. Joe Hartman has always been rather used to falling behind in the affairs of life, so he took the news with equanimity. Joe Krauer, on the other hand, was troubled and surprised. He had thought that the promotion was coming to him as a matter of course. And because he was troubled, the other kids

because he was troubled, the other kids began to rub it in.

"Hello, Annie!" said the first boy ahead of him as they piled out of the door at 3 o'clock. This same hated name he had heard in whispers in the school room ever since Miss Simmons had read out the lists.

Joe made a dive for the boy who called him "Annie." The boy got away; but five or six in a chorus behind took up the yell.

Joe Hartman, who was subject to the same pointing of fingers and the same appellation of shame, came over to the small krauer.

"Never mind, Joe," he said. "I'm gettin' it, too. It's all right for them to holler,
but think what a cinch we'll have goin'
over the same stuff all over again."
The two Joes walked along together and

The two Joes walked along together and Joe Krauer pretended not to care any more than Joe Hariman when all the girls out in front of the boys' gate foined in the tormenting shrieks of "A-a-a-annie! A-a-a-a-annie, left behind!"

Joe Hariman, who lives in Commonwealth street, just around the corner from the Krauer house at 58 St. Lawrence avenue, went home with Joe Krauer and left him there. Mrs. Krauer says that Joe did not seem very much cast down when he told seem vary much cast down when he told her about his failure. Joe's mother, of course, is sure that it was all a mistake, anyway, and that the whole trouble was on the retired list of the army. says, that the Swedish cook is now in the employ of James H. Hyde.

The 9 o'clock bell rang and the classes gathered. When Joe Krauer slid into his seat he was pale and shaky. He was more hurt and torn to pieces in his feelings than he had ever been in his life before. Everybody had always liked Joe and had been good to him; having the whole world turn against him so was too much. The bell had hardly tapped for order before he lost all track of things and slid out of his seat to the floor in a dead faint.

Miss Simmons ran down and dead faint.

Miss Simmons ran down and picked him up and carried him into the coat room and cooled his face with a wet handkerchief, and pretty soon he felt better. She asked him what was the matter, and he said he didn't know, but he guessed he was going to be all right. Anyway, he didn't want to go home. He wanted to stay and see the fun. The exercises kept Joe's mind off his troubles for two hours and a half.

But just as he was settling at his desk for his new start to get out of the beginners' class he heard from off somewhere behind him the whisper: "Look at the Aa-a-a-t-t-thing Jaha-a-a-a-anie left behind."

Joe looked around quickly. His face got blank white and he pitched head first out in the asist. When Miss Simmons reached him this time, though she did not come to life under the same treatment she had given him before, she was scared and called Mr. Marshall. The remained and called Mr. Marshall. The relating principal took one look at Joe, Ast Just one of his icy hands and telephoned for an ambulance. LINE-UP AGAINST RATE BILL.

HOUSE REPUBLICAN CAUCUS MAY TAKE ACTION TO-DAY.

Sibley Calls Conference of Pennsylvania Delegation to Unite Them Against Townsend Measure-Leaders With Him -An Extra

WASHINGTON, Feb. 2.-Active and bitter opposition to the Townsend rate regulation bill developed in the House to-day, the ference of the Pennsylvania delegation with a view to unit of action in the Republican caucus to-morrow afternoon. The hour fixed for the conference is 2 o'clock, or an hour before the meeting of the caucus. & The call for the conference was due largely to the efforts of Representative Sibley, who is endeavoring to bring the delegation in line to oppose the bill and the rule for its consideration. Its promoters, however, were careful to avoid a caucus of the delegation whose action would be binding on ts members, as it has not yet been ascertained how they stand on the rate subject.

There is little doubt that the movement has the sympathy and support of the House leaders, with the exception, perhaps, of Speaker Cannon. The pending bill was reported from the Interstate Commerce Committee against the wishes of its chairman, Representative Hepburn, and Representatives, Mann. Sherman and Wanger.
